Sentai will be announcing new product and updated product releases in the coming weeks.

Radio Communications Division

To date we have sold approximately one hundred **ClearCalm™ Advantage-S** systems. We have delivered to our first industrial customers in Sarnia, Ontario Canada and will shortly be making delivery to our first U.S municipal fire department. Our direct sales team is in place, trained and ready to go. We have been very busy over the past two months building up our ClearCalm inventory to satisfy purchase orders and evaluation systems and to prepare our distribution channels. OEM discussions continue to be productive and encouraging.

GPS Communications Division

The Botswana trials for our fleet management offering are coming to a successful conclusion and we look forward to negotiating and announcing contracts over the next few months.
